Better make the most of it
Hey, loser, quit it

As if. If they new my secret they would treat me as they treat you.
Wait, Tiffany, don't you have any friends you can do this with?

Woo
Isn't it just
fun to just
be naked, loser?
I don't really see
the appeal. C-can
we go home now?
This is getting
really weird.

um, Tiffany, is this really necessary?
yes, loser, your skin is gross and pale. you need a tan.
TAN

I'm sorry, Tiffany but I don't think this style's for me.
Loser

Tiffany has been so nice today, but after today she's gonna go back to her mean old self again...
